

612 MOBILIZATION

612.01 DESCRIPTION

This item consists of preparatory work and operations needed to mobilize for the project. Work includes but is not limited to:

1. Movement to, placement and set-up on project site of personnel, equipment, supplies and accessory items;

2. Establishment of offices, buildings and other needed project facilities plus utility work and connections needed for these facilities;

3. Scheduling details, coordination and any other work and expense appropriate that is prior to start of work under other contract pay items.

This work, however, does not include establishing Engineer's field facilities, construction fence around work and storage areas, nor preparations for maintaining highway traffic.

Mobilization includes demobilization at completion of project.

612.02 MEASURE AND PAYMENT

The unit of measure will be the job with no actual measure taken.

Payment for Mobilization will be made at contract lump sum price, subject to allowable limits under this section, which payment will include all operations and expense needed to mobilize, remobilize and demobilize. Lump sum price for Mobilization shall not exceed applicable amounts determined as follows:

Original Contract Total Including Mobilization		Maximum Lump Sum For Mobilization
More Than	To and Incl.	
\$ 0	\$ 100,000	10% of Contract Total
100,000	1,000,000	\$8,000 plus 2% of Contract Total
1,000,000	-----	\$23,000 plus 1/2% of Contract Total

If the lump sum shown in the Pay Item Schedule for any bid for Mobilization exceeds the allowable amount shown in the table above, the District reserves the right to adjust the amount and total bid accordingly when checking bids. Said adjustment will in no way invalidate bids.

Payment for Mobilization will be made in 2 installments. First payment of 50 percent of lump sum will be made following mobilization and initiation of construction work. Second and final payment will be made after 20 percent of contract work is complete.

When no pay item is listed for Mobilization, no payment will be made; costs shall be reflected and

distributed in other contract pay items.
